

PURCELLVILLE POLICE DEPARTMENT

Community Policing Officers

Although each police officer is responsible for calls for service throughout the entire town when on duty, every patrol officer is detailed to certain community policing districts. Our goal is to provide better communication between the police department and the resident or business owner. Below is the list of the eight community policing districts (depicted on the map) along with the name and contact information of each officer assigned to each district. This contact information is made available in order to personalize our outreach efforts. A resident or business owner may contact these officers for such reasons as: to answer questions, share concerns, invite the officer or our department to a community meeting or event.

These contact emails and telephone numbers should **never** be used to summons the police for a police related incident. Any need for a law enforcement response should be made through the Loudoun County Sheriff's Office non-emergency dispatch number of: 703-777-1021 or in case of an emergency, **911**. Our police officers work a rotating schedule and do step away from their duties for training as well as vacation time. If an immediate answer is needed for a situation, but does not need a law enforcement response we encourage the use of our administrative number of: 540-338-7422.
