**DISCOVER PLANTS BIG AND SMALL IN THE LATE SPRING
AT THE CHAPMAN DEMARY TRAIL ON MAY 27!**

PURCELLVILLE, Va., MAY 21, 2018 — The Purcellville Parks and Recreation Advisory Board invites you and your family to join them for the fifth in their series of free monthly nature walks that will be held Sunday, May 27 from 1 to 3 p.m. at the Chapman DeMary Trail. The guide for this month is Carol Ivory, Loudoun County Master Gardener and Tree Steward. She will lead a walk following the trail downstream and discuss the interesting, unusual, and attractive trees and perennial plants along the way. This 10-acre habitat is rich with diverse trees and plants, providing a very rewarding experience for participants.

The Chapman DeMary Trail is a 10-acre area considered to be the last stand of old-growth forest in the Town of Purcellville. It runs along the South Fork Catoctin Creek, part of the Chesapeake Bay Watershed. The area is open to the public for environmental recreation, exploration, and education. The Town of Purcellville holds the conservation easement for this privately-owned property. The entrance for the Chapman DeMary Trail is behind the building at 205 East Hirst Road in Purcellville.

The Discover Nature's Secrets guided nature walks are held the last Sunday of each month at the Chapman DeMary Trail. Throughout 2018, walks will be led by experts from the Virginia Department of Forestry, Loudoun Watershed Watch, Loudoun County Tree Stewards, the Piedmont Environmental Council, Loudoun Wildlife Conservancy, and an Environmental Explorations Teacher from Loudoun Valley High School. Topics will include water quality, pollinators and monarchs, wildflowers, birds, water quality, tree identification, and more.

Mark your calendar to join us the last Sunday of each month to walk with experts and discover nature's secrets! Rain or shine. Bring your family. Learn more and RSVP on the Events and Activities page of the Town of Purcellville's website at www.PurcellvilleVa.gov.
