TOWN OF PURCELLVILLE UNANTICIPATED WATER TANK MAINTENANCE

PURCELLVILLE, Va. (January 18, 2017) — The Town of Purcellville will be taking its 200,000 gallon storage tank off line for unanticipated repairs beginning January 19. The water storage tank, located near Loudoun Valley High School will be drained and repaired temporarily reducing the Town's storage capacity. While the tank is out of service Town staff will be working to produce additional water ensuring that the Town's 1,000,000 storage tank located on Short Hill Road will be filled and available. During the two week period that the tank is off line residents should notice little difference in service and there will be no impact on water quality. Repairs are expected to be complete by February 2. If you have any questions please feel free to contact the Town's Interim Director of Public Works.

The Town of Purcellville, Virginia

Purcellville is an award-winning town of over 9,000 residents located in Loudoun County, approximately 40 miles west of Washington, DC. Having received the prestigious Siemens Sustainability Award for Small Communities, Purcellville continues to be honored for its green initiatives with most recently being the Tree City USA recipient for the 10th year. The Town was reaffirmed as a AAA rated community by S&P Global Ratings, the highest credit rating possible, and is recognized as one of the safest towns in Virginia. Once a stop along the W&OD rail line, Purcellville has maintained its historic old-town feel through the restoration and maintenance of its many downtown structures, reflecting the Victorian architecture popular during the early 1900s. Today, Purcellville is the economic hub of western Loudoun County and a popular weekend destination for antiquing, entertainment, farmer's markets, wineries, breweries, distilleries and restaurants.
