**MAINTENANCE ACTIVITY: MAIN STREET VILLAGE FILTER BUILDING
220 McDANIEL DRIVE**

PURCELLVILLE, Va. October 1, 2019 - On Tuesday, October 8th, 2019, the Town of Purcellville will be changing out the carbon at the Main Street Village Filter Building, located at 220 McDaniel Drive. This work is a part of the annual filter maintenance, and will occur from 8:00 AM to mid-afternoon. A large vacuum truck will be at the site and will produce noise during the work; a hose will cross the roadway from hydrant to the filter building.

Please be aware of the work zone and be alert for changes in vehicular and pedestrian traffic patterns in areas where work is being performed.

The Town of Purcellville, Virginia

“Purcellville-your small Town, where history and progress intersect and people prosper,” is an award-winning town of over 10,000 residents located in Loudoun County, approximately 50 miles west of Washington, DC. Having received the prestigious Siemens Sustainability Award for Small Communities, Purcellville continues to be honored for its green initiatives with most recently being the Tree City USA recipient for the 12th year. The Town was reaffirmed as a AAA rated community by S&P Global Ratings, the highest credit rating possible, and is recognized as one of the safest towns in Virginia. Once a stop along the W&OD rail line, which has been converted to a multi-use trail from Alexandria, VA to Purcellville, the town has maintained its historic old-town feel through the restoration and maintenance of its many downtown structures, reflecting the Victorian architecture popular during the early 1900s. Today, Purcellville is the economic hub of western Loudoun County and a popular weekend destination for antiquing, equestrian activities, farmer’s markets, wineries, breweries, distilleries and restaurants.
